

2008 PLEDGE FORM

Thanks for your interest in this very special fundraiser. OFA anxiously awaits the 2008 event as we can once again combine our love for hunting whitetails with our desire to further Alzheimer's research and awareness throughout the country. Expectations for the 2008 event are high as we expect to raise in excess of \$20,000 during the event which will span from Sep. 13th, 2008 - Jan. 15th, 2009. All contributions are directly applied to Alzheimer's research, education and awareness!

The Format is as follows:

1. OFA has formed a team of 20 passionate and philanthropic hunters across the country that are responsible for obtaining pledges from supporters.
2. These supporters make a pledge for the hunter of their choice. This pledge is based on the largest whitetail buck (Gross Score) harvested by that hunter during the course of the fundraiser. For example, if a supporter were to pledge \$1 per inch and the largest whitetail harvested by their hunter of choice measures 120 inches, then the supporters total pledge amount would equal \$120. In the event that their hunter of choice is unable to harvest a buck during the event, then the supporters pledge will automatically be based off of 130 inches.
3. Fundraiser dates are from Sep. 13th- Jan. 15th.
4. OFA will accept pledge commitments at any time throughout the fundraiser. All donors make their contributions at the end of the fundraiser once results are final. At the completion of the event all supporters will be contacted with final results and payment instructions.
5. All hunt expenses are paid for personally by all team members.
6. Hunters may hunt anywhere in the US and Canada and may hunt with archery equipment or firearms.
7. 100% of the proceeds from this event are used exclusively for Alzheimer's research, education and awareness!
8. Each supporter will get a free OFA membership and event T-Shirt.
9. Supporters can view real time results throughout the event by visiting our website where results will be posted on weekly.
